

# SAN JOSÉ AFTER SCHOOL

San José After School Programs are conducted in a partnership with school districts, community-based organizations, city staff, teachers and parents to provide safe, fun and enriching activities for youth during their out-of-school time.

After School Programs promote healthy youth development, physical fitness and student learning based on the principles of Developmental Assets under the direction of positive adult role models. These neighborhood-based programs include homework centers, teen centers, recreation activities, arts, enrichment programs, sports programs and special events. For more information, please contact the school directly of the school district office.

## Level I: Homework Assistance

These programs offer after school homework assistance at community and teen centers, libraries, schools and community-based organizations.
